Flightstar Corporation Receives Certification for ADS-B “OUT” in Bombardier Learjet 40 and Learjet 45 Aircraft from Multiple International Agencies.

Champaign, IL (KCMI) – May 16, 2017 – Flightstar Corporation has obtained approval from multiple international aviation agencies for their ADS-B “OUT” STC and Single FMS WAAS STC in the Bombardier Learjet 40 and Learjet 45 series aircraft. These approvals come from the European Aviation Safety Agency (**EASA**), Transport Canada Civil Aviation (**TCCA**), National Civil Aviation Agency of Brazil (**ANAC**), and Directorate General of Civil Aeronautics of Mexico (**DGAC**).

The Flightstar ADS-B STC allows for operators to utilize two different options for GPS pairing. Option one utilizes a KGS-200 standalone GPS unit without the need to upgrade the existing FMS systems. The second option utilizes two Universal Avionics UNS-1Ew FMSs as the GPS position source.

The Flightstar Single WAAS STC utilizes a single Universal Avionics UNS-1Ew and LPV monitor to give the aircraft full LPV capability.

“We are excited to have international approvals for these STCs. The US market has responded well to the options Flightstar has made available for Learjet 40 and Learjet 45 ADS-B compliancy. The option to extend these STCs to more aircraft markets is a positive note for the aviation community” stated Flightstar’s Avionics Manager Greg Vail.

Approval certification documents from each agency in addition to a [STC approval](#) reference sheet can be located on the company’s [website](#).

About Flightstar Corporation

Founded in 1978, Flightstar is an aviation service organization located at the University of Illinois-Willard Airport in Champaign, Illinois (KCMI). With over 112,000 square feet hangar space, the company offers a wide range of services including a full-service fixed base operation (FBO), airline and general aviation maintenance, repair and overhaul operations (MRO), avionics sales with installation and repair, and world-wide executive jet charter with full aircraft management services. Flightstar proudly serves as a Bombardier Authorized Service Facility (ASF) for the Learjet 40, 45, 70, and 75 series of aircraft. Additionally, Flightstar operates as a Honeywell Authorized Service Center for the TFE731 series, HTF7000 and Honeywell APU.

With over 120 team members, Flightstar prides itself on providing world-class aviation services delivered with a Midwestern work ethic and highly personalized customer service. To learn more about us, visit www.FLIGHTSTAR.com or call (800)-747-4777.
